

VILLAGE OF LYTTON NOTICE

Do Not Consume Drinking Water Advisory

LIFTED

February 28, 2024

The Village of Lytton advises the public that repairs to the water supply for the locations listed below have been completed.

Effective February 28, 2024, a "DO NOT CONSUME" drinking water advisory has been lifted.

What this means is that **tap water is now considered potable and safe to drink in these areas.**

Previously affected areas

1st to 7th Main Street and Fraser Street

Questions

If you have any questions about this advisory, please contact the Village of Lytton at 250-455-2355 or visit www.drinkingwaterforeveryone.ca.

Please share this information with your neighbours

The Village staff will provide information and any further updates on the Village's website at www.lytton.ca and Facebook page.
